

I listen to K-Love daily and support it financially. It gives all of us in Wilmington an option for listening to Christian music without interruption. As a national radio station it keeps us connected to the Christian community in other areas. The music provided by K-Love is continuous, giving everyone in the listening area opportunity to hear uplifting, hopefilled lyrics. The comments of staff and other listeners provides encouragement. I truly love K-Love, please do not do anything to prevent me from the opportunity of enjoying it.
